TIMBOEKTOE

Isa and Kars are teenagers in Holland. They have lots of friends. Isa is in love with a really cool, popular guy at school, and Kars is part of a breakdance group that plays at all the best events.

But the good times end suddenly when their parents announce that the whole family is moving to France! The parents bought a rundown campground there and they need everyone's help to renovate it in time for the summer tourist season.

Isa and Kars hate living in France. They don't speak the language, they have no friends and they refuse to help their parents do all the hard work of cleaning up the campground. Then Isa meets a boy from town and soon everything changes!

Together, they all pitch in to build a super disco and they plan a huge opening party for the summer season. However, events don't go quite according to plan!

Isa's love life gets more complicated, a long kept secret almost destroys her new friend, and their disco is sabotaged by a jealous neighbor.

That's when Isa, Kars and their friends take matters into their own hands to make things right!
